

ITINERARY HUMANITUS - LUMPUR SIDOARJO SYMPOSIUM

25 - 26 May, 2011

| TIME | ACTIVITY | NOTE |
|----------------------|---|---|
| DAY 1, May 24 | ARRIVAL | |
| DAY 2 | LUSI TOUR - SIDOARJO | |
| 25/05/2011 | LUSI, Sidoarjo | |
| 07:30 - 08:00 | All participants gather at Mercure Hotel | |
| 08:00 - 09:00 | Go to Tlocor | |
| 09:00 - 09:30 | BPLS explanation | the process of mud island |
| 09:30 - 10:00 | Go to LUSI | Gather at P25 |
| 10:00 - 12:30 | LUSI discussion and site visit | |
| 12:30 - 13:30 | Go to Resto Handayani for lunch | Buffet lunch |
| 13:30 - 14:30 | LUNCH at Resto Handayani | |
| 14:30 - 15:30 | Return to Mercure Hotel, Surabaya | |
| 15:45 - 17:00 | Media Discussion - Q&A | MC & moderator : Jason Tedjasukmana |
| 17:00 - 17:30 | Interviews | Lan Hua Restaurant, Hotel Mercure |
| | Coffee Break | Lan Hua Restaurant, Hotel Mercure |
| | Close & free time | |
| DAY 3 | SYMPOSIUM - SURABAYA | |
| 26/05/2011 | Hotel Mercure, Surabaya | |
| 08:30 - 09:00 | Registration | |
| 09:00 - 09:10 | Opening by Jason Tedjasukmana | Introduction |
| 09:10 - 09:13 | Jeffrey Richards : Humanitus Sidoarjo Fund | Welcome Note |
| 09:13 - 09:15 | Prof. DR. Hardi Prasetyo : BPLS, Inisiator LUSI Library | Welcome Note |
| 09:15 - 09:35 | Richard Davies : Durham University | 'Lusi : How Long and What Next?' |
| 09:35 - 09:55 | Loyc Vanderkluyzen : Arizona State University | Evolution of the LUSI eruption from satellite and ground-based remote sensing |
| 09:55 - 10:15 | Sukendar Asikin : Bandung Institut of Geology | Lusi, Geological Analysis and It's Social Impact |
| 10:15 - 10:35 | Coffee Break | |
| 10:35 - 10:55 | Hilairy Hartnett : Arizona State University | The origins of fluids at the LUSI mud volcano : insights into geochemistry |
| 10:55 - 11:15 | Mark Tingay : Adelaide University | Anatomy of LUSI |
| 11:15 - 11:35 | Awang Harun Satyana : BP MIGAS | Presumed Mud Volcano Disaster in Jenggala and Majapahit Periods of 11th - 15th Centuries, East Java: Constraints from Historical Chronicles, Folklore and Geology |
| 11:35 - 11:55 | Max Rudolph : University California, Berkeley | A prediction of the longevity of LUSI mud volcano |
| 11:55 - 12:15 | Igor Kadurin : Russian Institute Electro Physics | Creation of monitoring polygon for control of seismic changes on LUSI territory |
| | Sergey Kadurin : Odessa National University | |
| 12:15 - 13:15 | Lunch | |
| 13:15 - 13:35 | Agus Gunoro : Trisakti University Indonesia | Understanding The Origin of Sidoarjo Mud Volcano In Relation To Longevity Estimation Based On Regional Study and Seismic Interpretation |
| 13:35 - 13:55 | Wataru Tanikawa's : JAMSTEC | The mechanism of overpressure generation in the LUSI mud volcano |
| 13:55 - 14:15 | Amanda Clarke : Arizona State University | How earthquakes may influence eruption rates on Java |
| 14:15 - 14:35 | Sayogi Sudarman : Trisakti University | LUSI : Review Based On Data Taken Up To 2010 |
| 14:35 - 14:55 | Adriano Mazzini : Oslo University | The 2006 LUSI eruption - Insights into gas geochemistry |
| 14:55 - 15:15 | Coffee Break | |
| 15:15 - 17:55 | Question Time | Moderator : Jason Tedjasukmana |
| 17:55 - 18:00 | Closing : Jeffrey Richards | |
| 18:00 - 20:00 | Dinner | |
| TIME | ACTIVITY | NOTE |
| Day 4 | | |
| 27/05/2011 | BACK TO JAKARTA | |
